Il digital nel Fashion Marketing è ormai considerato la nuova frontiera nell evoluzione del mondo della moda. Giorno dopo giorno si assiste a un nuovo modo di fare shopping da parte del consumatore e a un modo altrettanto diverso da parte delle aziende di coinvolgere il cliente. Tutto ruota attorno a tre termini esemplificativi: la brand experience, il co-branding e la brand-community. Con questo libro imparerai la vera essenza del fashion marketing: conoscere lo scenario della moda vuol dire infatti scoprire gli stili di vita di un tempo in continua evoluzione, tra globalizzazione sempre più veloce, consumatori sempre più interattivi e concorrenza sempre più spietata. Scoprirai come quello della moda non sia più un universo chiuso e indipendente, ma un sistema integrato e contaminato da più dimensioni, capace di coinvolgere moltissimi settori: dal marketing alla psicologia, dall economia all arte, dalla musica alla tecnologia. Passo dopo passo imparerai a conoscerli e attraversarli nell ottica di una maggiore attrattività e capacità di generare profitto. *** QUESTO LIBRO FA PARTE DELLA COLLANA WEB BOOK ***

In the second issue of 2015, the Journal of International Studies of the scientific association, Arethuse as is by now a tradition, presents a comparison and discussion of international academic scholars on three scientific areas, Strategic Management, Economics and Statistics, and Public Finance.
