Amazon.com: Principles of Accounting Books

I love this book! As an introduction to accounting it is spectacular. I used it as part of my freshman accounting courses, Principles I and II. I definitely liked Principles I better than I did Cost Accounting, but this book was just overall so worth the read and an enormous resource. One hardly needs the professor with a book like this.

Accounting Principles by Jerry J. Weygandt

Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. Due to the comprehensive nature of the material, we are offering the book in two volumes. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across ...
