However, as modern scholarship has shown, little of that is true. Against the Grain: A Deep History of the Earliest States by James C. Scott tells a somewhat different story that will challenge everything you've been taught about ancient history.

Against the Grain: A Deep History of the Earliest States ...

Against The Grain: A Deep History of the Earliest States is a 2017 book by James C. Scott that sets out to undermine what he calls the "standard civilizational narrative" that suggests humans chose to live settled lives based on intensive agriculture because this made people safer and more prosperous. Instead, he argues, people had to be forced to live in the early states, which were hierarchical, beset by malnutrition and disease, and often based on slavery. The book has been praised for re-ope

[PDF] [EPUB] Against the Grain: A Deep History of the ...

In Against the Grain: A Deep History of the Earliest States, James C. Scott contributes to his longstanding intellectual project of re-evaluating the role of the state in political thought by looking at the development of the early agrarian states to challenge narratives of progress founded on state formation.

Book Review: Against the Grain: A Deep History of the ...

In Against the Grain: A Deep History of the Earliest States, James C. Scott argues this is a false narrative. He proposes an alternative narrative for state formation based on more recent archaeological and historical evi It has been generally believed that state formation was a consequence of the domestication of animals and plants.
