Bookkeeping and accounting essentials has been written to comply with FNS10 Financial Services Training Package.

Covers lifeguarding responsibilities along with information on such topics as rescue breathing, CRP and AED, supplemental oxygen support, spinal injury management, handling risks, and professionalism.

This unit describes the skills and knowledge to provide services to an older person. It involves following and contributing to an established individual plan.

Requirements engineering tasks have become increasingly complex. In order to ensure a high level of knowledge and competency among requirements engineers, the International Requirements Engineering Board (IREB) developed a standardized qualification called the Certified Professional for Requirements Engineering (CPRE). The certification defines the practical skills of a requirements engineer on various training levels. This book is designed for self-study and covers the curriculum for the Certified Professional for Requirements Engineering Foundation Level exam as defined by the IREB. The 2nd edition has been thoroughly revised and is aligned with the curriculum Version 2.2 of the IREB. In addition, some minor corrections to the 1st edition have been included. About IREB: The mission of the IREB is to contribute to the standardization of further education in the fields of business analysis and requirements engineering by providing syllabi and examinations, thereby achieving a higher level of applied requirements engineering. The IRE Board is comprised of a balanced mix of independent, internationally recognized experts in the fields of economy, consulting, research, and science. The IREB is a non-profit corporation. For more information visit [www.certified-re.com](http://www.certified-re.com).
