Diane von Furstenberg is one of the most celebrated fashion designers of our time. She has built an empire based off the back of one wrap dress, and it seems as though everything fell into place for her. The opposite is true, however. When you 're building a business (and trying to grow an empire) you will make mistakes. Diane von Furstenberg always says you will learn more from looking at her mistakes than you will from looking at her success.

Consistency when branding your restaurant comes down to the most minute details. For instance, the vernacular you use in your social media posts, or the music you play in the restaurant. Creating a brand is creating a culture — it gives you the ability to cultivate community through food and interactions if done the right way.

federal land policy to assert authority over the direction of expansion by engineering the pace and patterns of settlement and to control the movement of populations. At times, the government mobilized populations for compact settlement in strategically important areas of the frontier; at other times, policies were designed to actively restrain settler populations in order to prevent violence ...

~~Building an American Empire | Princeton University Press~~

Firstly, the discovery of the New World provided the opportunity to acquire wealth. The Americas were rich in metals and minerals and the English, then British, were eager to capitalise on these. The vast spaces found in the Americas also provided an opportunity for expansion. This could be used to alleviate the pressure on land at home; be farmed for goods required in Britain and provide trading posts on the way, hopefully, to the Far East.
