An intranet
portal project
may well be the
first and last
project in your
organisation
that truly
touches
everyone, from
the office of
your CEO to the
newest recruit.
It may well be

File Type PDF

Case New

the most significant investment that you ever make in your people, their processes and their systems and has the power and potential to transform your organisation. However, it can be a tough

File Type PDF

Case New

project to
deliver,
bringing great
exposure to its
participants.

All your
customers will
be only a small
march away down
the corridor and
will all know
where you live!
Considering the
\$1.5 billion

File Type PDF

Case New

market for
intranet portal
technology
worldwide, there
are surprisingly
few books on the
topic (and those
typically either
very technical
or very
theoretical).

The Intranet
Portal Guide is
a deliberately

File Type PDF

Case New

practical handbook for the stressed middle manager, seeking to make things happen in their organisation.

The book is divided into three sections (before, during and after) and 31 chapters, addressing

File Type PDF

Case New

everything from
the key issue of
how to make the
business case
through to
ongoing
performance
enhancement and
benefit
realisation. It
is packed full
of tools,
templates, plans
and processes

File Type PDF

Case New

for successful
delivery – based
on real life
experience of
implementation
at two major UK
companies.

This highly
practical,
expert level
tutorial teaches
you to build a
Line of Business

File Type PDF

Case New

application with the aid of a case study which gradually builds throughout the book. It also includes a jumpstart chapter for developers coming from other technologies. If you already have

File Type PDF

Case New

a firm grasp of
Silverlight
development and
are keen to
advance your
specialist
knowledge of
Line of Business
(LOB)
application
development,
then Expert Line
of Business
Application

File Type PDF

Case New

Development for

Silverlight 5:

Quick Start

Guide is for

you. If you are

a developer with

experience of

other

technologies,

you may also

find this book

useful.

colouring fun -
a must for all

File Type PDF

Case New

urban culture
addicts.

In The Systemic
Practice of Misi
nterpretation of
Scientific Data,
the author
unfolds the ways
in which
researchers
misinterpret
their data to
promote a

File Type PDF

Case New

hypothesis with
the aim of
attracting the
attention of the
scientific
community. By
providing
examples, the
author explains
how flawed
research
findings enter
and remain in
scientific

File Type PDF

Case New

literature for a long time. This book gives insights not only to researchers in the sciences, but also to journal reviewers and to various governmental and private agencies that work to

File Type PDF

Case New

promote science.

The message of
the book is
positive and
clear: it is
possible to
identify the
flaws in
scientific
research by
scrutinizing the
subject matter
thoroughly, thus
saving

File Type PDF

Case New

researchers
around the globe
time and money.
It is generally
believed that
the scientific
community is
relatively free
of corruption
and that it
adopts good
scientific
practices.
However, flawed

File Type PDF

Case New

research Iveco
findings may
occur not only
from human
error, but also
from the
intentional
attempts of some
researchers to
promote their
preconceived
hypotheses. The
author warns
that unless

File Type PDF

Case New

certain
practices in
research are
checked, a point
will soon be
reached when
scientific
research will
not be worth the
money invested
in it. The book
starts with some
of the
fundamental

File Type PDF

Case New

concepts in
pharmacokinetics
and the
pharmacodynamics
of antibiotics.

Then, four
related but
independent
topics are
discussed:
persisters,
small colony
variants, viable
but non-

File Type PDF

Case New

culturable
bacteria, and
senescent
bacteria. Each
topic is divided
into two
sections: the
first is a
review of the
literature; the
second questions
the validity of
the current
hypotheses and

File Type PDF

Case New

findings. In the subsequent chapters, a simpler

hypothesis is offered after integration of the four topics.

Finally, the impact of creating illusions in research is discussed.
