Chapter 17. State Operation of Public Utilities. 10/30/2020. § 56-521. Restoring possession to utility. Whenever the authorized representatives of any such utility shall notify the Governor, in writing, stating that the utility is in position to and can and will resume operations and render normal public service, and shall satisfy the Governor, or his designated agent of the correctness of such statement, the Governor, or such agent, upon the request of the utility management, shall restore ...

~~§ 56-521 – Restoring possession to utility~~

Restore or Restoration means the process by which an excavated right-of-way and surrounding area, including pavement and Chapter 17 4 foundation, is returned to the same condition and life expectancy that existed before excavation.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule’s purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Aldo Leopold, father of the “land ethic,” once said, “The time has come for science to busy itself with the earth itself. The first step is to reconstruct a sample of what we had to begin with.” The concept he expressed a “restoration a€” is defined in this comprehensive new volume that examines the prospects for repairing the damage society has done to the nation’s aquatic resources: lakes, rivers and streams, and wetlands. Restoration of Aquatic Ecosystems outlines a national strategy for aquatic restoration, with practical recommendations, and features case studies of aquatic restoration activities around the country. The committee examines: Key concepts and techniques used in restoration. Common factors in successful restoration efforts. Threats to the health of the nation’s aquatic ecosystems. Approaches to evaluation before, during, and after a restoration project. The emerging specialties of restoration and landscape ecology.

Churches use many types of computer technology on a daily basis, with new technologies being made available all the time. Your church’s approach to technology is maximized when you start with learning how to develop the right IT team to lead in setting the best IT policies. For every new technology, there is a financial consideration, but there also may be a new risk or legal liability that emerges. Learn how to find the best solutions when choosing software and hardware for your church. Also, understand the best approach to train and manage staff and volunteers. In addition, discover the right strategy for using the Cloud, setting up secure networks, and data recovery for your church. CONTENTS Section One-Church IT’s Mission Chapter 1: IT Department Structure Chapter 2: Who Is IT’s Customer?
