Overhead Concealed Door Closer. The RTS88 is designed to give lasting, dependable service where surface applied units and other types of closers are not suitable, or would interfere with the architectural design. It can be easily installed in wood, aluminum, or hollow metal doors and frames, for single and double-acting doors. Concealed ...

DORMA RTS88 Series overhead door closer | Invisible Door ...

Transom mounted | (E.g. Briton 996, Dorma TS73VBC, GEZE TS4000S) Concealed door closers are aesthetically pleasing. They are installed and hidden from view either in the door jamb, the door itself or the transom. (E.g. Perko Powermatic, Dorma RTS85, GEZE Boxer) Floor Springs are the most durable and long lasting option. They are ideal when aesthetics and functionality are desirable and when dealing with heavy doors or areas with high to extreme traffic.
