Elizabeth and Mary are, of course, Elizabeth I the daughter of Anne Boleyn and Henry VIII and Mary Queen of Scots who was the daughter of Mary of Guise and James V of Scotland. They were cousins, rivals and queens! Mary was raised in the decadent court of France when she married the French king.

Amazon.com: Customer reviews: Elizabeth and Mary: Cousins ...

Jane Dunn's Elizabeth and Mary: Cousins, Rivals, Queens offers a blend of history and biography that traces the "dynamic interaction" between two of the most powerful women in Western history. Dunn remains ever aware of the uniqueness of her two central figures: both women ruled as divinely ordained monarchs in a male dominated power structure, and both women were from the same family (Elizabeth I was the granddaughter of Henry VII, and Mary Queen of Scots the great-granddaughter of King ...

Elizabeth and Mary: Cousins, Rivals, Queens: Amazon.co.uk ...

"Superb... A perceptive, suspenseful account." --The New York Times Book Review "Dunn demythologizes Elizabeth and Mary. In humanizing their dynamic and shifting relationship, Dunn describes it as fueled by both rivalry and their natural solidarity as women in an overwhelmingly masculine world." --Boston Herald The political and religious conflicts between Queen Elizabeth I and the doomed Mary, Queen of Scots, have for centuries captured our imagination and inspired memorable dramas played out on stage, screen, and in opera. But few books have brought to life more vividly the exquisite texture of two women's rivalry, spurred on by the ambitions and machinations of the forceful men who surrounded them. The drama has terrific resonance even now as women continue to struggle in their bid for executive power. Against the backdrop of sixteenth-century England, Scotland, and France, Dunn paints portraits of a pair of protagonists whose formidable strengths were placed in relentless opposition. Protestant Elizabeth, the bastard daughter of Anne Boleyn, whose legitimacy had to be vouchsafed by legal means, glowed with executive ability and a visionary energy as bright as her red hair. Mary, the Catholic successor whom England's rivals wished to see on the throne, was charming, feminine, and deeply persuasive. That two such women, queens in their own right, should have been contemporaries and neighbours sets in motion a joint biography of rare spark and page-turning power.

Elizabeth and Mary: Cousins, Rivals, Queens: Amazon.co.uk ...

From the New York Times bestselling author of Becoming Queen Victoria, a new history of Mary Queen of Scots and Elizabeth I that reveals how the most important relationship of their life—their friendship—changed them forever. Elizabeth and Mary were cousins and queens, but eventually it became impossible for them to live together in the same world. This is the story of two women struggling for supremacy in a man's world, when no one thought a woman could govern. They both had to negotiate with men—those who wanted their power and those who wanted their bodies—who were determined to best them. In their worlds, female friendship and alliances were unheard of, but for many years theirs was the only friendship that endured. They were as fascinated by each other as lovers, until they became enemies. Enemies so angry and broken that one of them had to die, and so Elizabeth ordered the execution of Mary. But first they were each other's lone female friends in a violent man's world. Their relationship was one of love, affection, jealousy, antipathy—and finally death. This book tells the story of Mary and Elizabeth as never before, focusing on their emotions and probing deeply into their intimate lives as women and queens. They loved each other, they hated each other—and in the end they could never escape each other.

BONUS: This edition contains an excerpt from Alison Weir's Mary Boleyn: Handsome, accomplished, and charming, Henry Stuart, Lord Darnley, staked his claim to the English throne by marrying Mary Stuart, who herself claimed to be the Queen of England. It was not long before Mary discovered that her new husband was interested only in securing sovereign power for himself. Then, on February 10, 1567, an explosion at his lodgings left Darnley dead; the intrigue thickened after it was discovered that he had apparently been suffocated before the blast. After an exhaustive reevaluation of the source material, Alison Weir has come up with a solution to this enduring mystery. Employing her gift for vivid characterization and gripping storytelling, Weir has written one of her most engaging excursions yet into Britain's bloodstained, power-obsessed past.

This Whitbread Award-winning biography and basis for the film Mary Queen of Scots starring Saoirse Ronan and Margt Robbie "reads like Shakespearean drama" (The Atlanta Journal-Constitution). "A triumph . . . A masterpiece full of fire and tragedy." —Amanda Foreman, author of Georgiana In the first full-scale biography of Mary Stuart in more than thirty years, John Guy creates an intimate and absorbing portrait of one of history's greatest women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Queen of Scots as a romantic leading lady—achieving the popular image of Mary Queen of Scots as a romantic leading lady—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy's pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. Queen of Scots is an enthralling, myth-shattering look at a complex woman and ruler and her time. "The definitive biography . . . Gripping . . . A pure pleasure to read." —The Washington Post Book World "Reads like Shakespearean drama, with all the delicious plotting and fresh writing to go with it." —The Atlanta Journal-Constitution

The relationship between Queen Elizabeth I of England and her cousin, Mary Queen of Scots, is one of the most complex, tempestuous and fascinating in history. United in blood but divided by religion, the two women were in some ways uniquely close, in others, poles apart. Championed by English Catholics as the rightful Queen of England, Mary was nevertheless given protection by her cousin after she was deposed amid outrage at her immoral behaviour. Rumours of papist plots involving Mary were rife and Elizabeth was put under extreme pressure to be rid of this dangerous threat to her sovereignty and to the Protestant church in England. After much reluctance and procrastination Elizabeth finally signed Mary's death warrant. Alison Plowden shows how political fear brought out the worst and yet the best in these women, and how history was overshadowed for centuries afterwards.

Many volumes have been written about the long reign of Elizabeth I. Now, for the first time, comes a brilliant new work that focuses on the critical year her reign ended, a time in which England lost its childless queen and a Machiavellian struggle ensued to find her successor. December 1602. After forty-four years on the throne, Queen Elizabeth is in decline. The formidable ruler whose motto is Semper eadem (I never change) has become a dithering old woman, missing teeth and wearing makeup half an inch thick. The kingdom has been weakened by the cost of war with Spain and the simmering discontent of both the rich and the poor. The stage has been set, at long last, for succession. But the Queen who famously never married has no heir. Elizabeth's senior relative is James VI of Scotland, Protestant son of Elizabeth's cousin Mary Queen of Scots. But as a foreigner and a Stuart, he is excluded from the throne under English law. The road to and beyond his coronation will be filled with conspiracy and duplicity, personal betrayals and political upheavals. Bringing history to thrilling life, Leanda de Lisle captures the time, place, and players as never before. As the Queen nears the end, we witness the scheming of her courtiers for the candidates of their choice, blood-soaked infighting among the Catholic clergy as they struggle to survive in the face of persecution; the widespread fear that civil war, invasion, or revolution will follow the monarch's death; and the signs, portents, and ghosts that seem to mark her end. Here, too, are the surprising and, to some, dismaying results of James's ascension: his continuation of Elizabeth's persecution of Catholics, his desire to unite his two kingdoms into a new country called Britain, and the painful contrast between the pomp and finery of Elizabeth's court and the begrimed quality of his own. Around the old queen and the new king, swirl a cast of unforgettable characters, including Arbella Stuart, James's ambitious and lonely first cousin; his childish, spoiled rival for power, Sir Walter Raleigh, who plotted to overthrow the king; and Sir John Harrington, Elizabeth's wily godson, who switched his loyalties to James long before the queen's death. Courtesy of Leanda de Lisle's keenly modern view of this tumultuous time, we are given intimate insights into of political power plays and psychological portraits relevant to our own era. After Elizabeth is a unique look at a pivotal year—and a dazzling debut for an exciting new historian.

"Muhlstein is an excellent writer: the book is effective, its characters vividly portrayed."—History Today This major double biography examines the relationship between the two queens: Elizabeth, one of the few queens to never marry and so never to subordinate herself and her power, and Mary, who is seen as a slave to passion.
