1.1 FACILITIES PLANNING DEFINED. The facilities we plan today must help an organization achieve supply chain excellence. Supply chain excellence is a process with six steps, or levels. These steps are business as usual, link excellence, visibility, collaboration, synthesis, and velocity.

Facilities Planning, 4th Edition.pdf | Occupational Safety ...

Facility Planning: Steps, Process, Objectives, Importance. Facility planning or strategic facility planning recognizes that every decision made in business planning has a direct impact on an organization's real estate assets and needs. In the real world of facility management, a plethora of activities falls under the facility manager's responsibility, causing frequent lapses into a reactive mode to respond to all the requests, orders, regulations, deadlines, and demands of the organization.
