This show is based around two children that dress up as superhero-themed people and go around creating havoc wherever they go, but in the end of some episodes, a resolution is reached, in the other episodes, it ends with a humorous comment. The children are obsessed with a slushy that was inspired by their favorite superhero, Man Arctica.

Nathan Pepper seemed like an ordinary baby...except for a mouth full of scary sharp teeth. Because his life began with his grandmother strongly recommending that he be destroyed as soon as possible, it's safe to say that Nathan was not destined for a typical existence. He hated the nickname "Fangboy," but nobody could deny that he was the most frightening little boy in town. And he would have adventures of every sort. encounter with the sinister Professor Mongrel. Thrilling adventures, like the part where he's on an out-of-control horse and he can't make it stop running and you think "Well, he should just jump off," but he CAN'T because it's going too fast and he could break a leg. And, yes, one particularly gruesome adventure, though it is not described in great detail. Will things end happily for Nathan? Will he bite somebody? Gather your family and your most deranged friends, make some chocolate chip cookies, and share the dark comedy treat of FANGBOY, a bizarre yet heartwarming yet rather tasteless saga that-all ego aside-will define a generation.

In his second wonderfully whacky children's novel, Ken Kwek takes a hard—and funny—look at teens beset with academic pressures and technology overload. Kelly Mao has got quite the headache: her tiger mum is threatening to ground her, her tuition timetable barely gives her time to eat, and she suspects her twin brother is up to something. On top of everything, the PSLE is looming! When the pressure gets too intense, Kelly decides to secretly join a dance crew called the Krumps, but slowly she gets entangled in her brother's

Vampires are ubiquitous in our popular culture--from movies to television, in fiction and art, and even within the hallowed halls of academia. But in the not-so-distant past, these undead creatures held more fear than fascination; they lived in the shadows and were the stuff of nightmares. In 1897, Bram Stoker introduced Dracula to the

Western world--and our concept of vampires was changed forever. For over sixty years, the undead have bled the television airwaves, appearing in every type of programming imaginable. Un-Dead TV catalogues over one thousand unique vampire appearances—and is the first book of its kind to explore this phenomenon to the extent that it truly deserves.

This collection of four original stories explores the darker side of desire and includes Susan Sizemore's "Cave Canem," a story of forbidden passion that contains characters from her Laws of the Blood novels, as well as works by Erin McCarthy, Chris Marie Green, and Meljean Brook. Original.

the arrival of a hot as hell guy on her doorstep. Just three problems... he's a vampire. He has a baby. And now someone's trying to kill them all. Feral doesn't do babies. Or pixies. So when someone dumps a pixie baby of all things on his doorstep, he does the only thing he can think of...he tries to palm it off on someone else. Unfortunately his neighbor is out of town, leaving her sister, Tessa, to house-sit. Her single and disturbingly attractive sister. Which leaves Feral with a couple of problems, especially when a bunch of pixie ninja wannabes break into the place and try to steal the baby. And that's just the start...
