Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control—his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

“Exquisite. Full of wry humor, tenderness, and compassion.” —Jeannette Walls, New York Times bestselling author A hilarious and heartbreaking memoir about a mother and son’s outlandish odyssey of self-discovery, and the rag-tag community that rallied to help them when they needed it most. Dan Mathews knew that his witty, bawdy seventy-eight year-old mother, Perry, was unable to maintain her fierce independence—so he flew her across the country to Virginia to live with him in an 1870 townhouse badly in need of repairs. But to Dan, a screwdriver is a cocktail not a tool, and he was soon overwhelmed with two fixer-uppers: the house and his mother. Unbowed, Dan and Perry built a rollicking life together fueled by costume parties, road trips, and an unshakeable sense of humor as they faced down hurricanes, blizzards, and Perry’s steady decline. They got by with the help of an ever-expanding circle of sidekicks—Dan’s boyfriends (past and present), ex-cons, sailors, strippers, deaf hillbillies, evangelicals, and grumpy cats—while flipping the parent-child relationship on its head. But it wasn’t until a kicking-and-screaming trip to the emergency room that Dan discovered the cause of his mother’s unpredictable, often caustic behavior: undiagnosed schizophrenia. Irreverent and emotionally powerful, Like Crazy is a “journey to self-acceptance and ultimately finding love” (Alan Cumming) and shows the remarkable growth that takes place when a wild child settles down to care for the wild woman who raised him.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Kasher in the Rye: The True Tale of a White Boy from Oakland Who Became a Drug Addict, Criminal, Mental Patient, and Then

Online Library Kasher In The Rye True Tale Of A White Boy From Oakland Who Became Drug Addict Criminal Mental Patient And Then Turned 16 Moshe

Turned 16." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

The former Saturday Night Live comedienne recounts her midlife career slump, long-distance relationship, and unplanned motherhood, which culminated in uproarious childcare activities and the bewilderment of friends and family members.

“Riveting . . . A genuinely important book that casts the problem of sex trafficking in America into stunning, heartbreaking relief.” (Kirkus Reviews) A School Library Journal Best Adult Book for Teens A Joan F. Kaywell Award Finalist from the Florida Council of Teachers of English Carissa Phelps was a runner. By the time she was twelve, she had run away from home, dropped out of school, and fled blindly into the arms of a brutal pimp. Even when she escaped him, she could not outrun the crushing inner pain of abuse, neglect, and abandonment. With little to hope for, she expected to end up in prison, or worse. But then her life was transformed through the unexpected kindness of a teacher and a counselor. Through small miracles, Carissa accomplished the unimaginable, graduating from UCLA with both a law degree and an MBA. She left the streets behind, yet found herself back, this time working to help homeless and at-risk youth discover their own paths to a better life. Like the multimillion-copy bestseller *The Glass Castle*, this memoir moves us through the power of its unflinching candor and generosity.

Emmy Award–winning writer Sara Schaefer’s hilariously honest memoir follows her “on this wild river descent into the Grand Canyon and her own secret family history. This is a Class 1000 Rapids of a memoir and I urge you to take the ride” (John Hodgman, author of *Vacationland*). Perfect for fans of *Let’s Pretend This Never Happened*. When Sara Schaefer is in first grade, her father warns her to always tell the truth because one lie leads to another and soon you will find yourself in a hole you can’t escape. A few years later, the Schaefer family is completely upended when it’s revealed that their grand life is based on a lie. Her parents become pariahs in their upper middle class community and go from non-religious people to devout church members. The idea of good and evil as binary, opposed forces is a lesson she never forgets. The year she turns forty, Sara decides to take each member of her family on a one-on-one vacation culminating with a whitewater rafting journey through the Grand Canyon with her sister. The only problem is she’s terrified of rafting. Along the way, she grapples with unresolved grief over the death of her mother and the family scandal that changed the trajectory of her life. “Funny, sweet, heartbreaking, vulnerable, and powerfully written” (Moshe Kasher, author of *Kasher in the Rye*), Grand is “a wise, funny acknowledgment that we are not always in control—and that growth is most likely to happen when we let go” (BookPage).

A trenchant defense of hierarchy in different spheres of our lives, from the personal to the political All complex and large-scale societies are organized along certain hierarchies, but the concept of hierarchy has become almost taboo in the modern world. Just *Hierarchy* contends that this stigma is a mistake. In fact, as Daniel Bell and Wang Pei show, it is neither possible nor advisable to do away with social hierarchies.

Online Library Kasher In The Rye True Tale Of A White Boy From Oakland Who Became Drug Addict Criminal Mental Patient And Then Turned 16 Moshe

Drawing their arguments from Chinese thought and culture as well as other philosophies and traditions, Bell and Wang ask which forms of hierarchy are justified and how these can serve morally desirable goals. They look at ways of promoting just forms of hierarchy while minimizing the influence of unjust ones, such as those based on race, sex, or caste. Which hierarchical relations are morally justified and why? Bell and Wang argue that it depends on the nature of the social relation and context. Different hierarchical principles ought to govern different kinds of social relations: what justifies hierarchy among intimates is different from what justifies hierarchy among citizens, countries, humans and animals, and humans and intelligent machines. Morally justified hierarchies can and should govern different spheres of our social lives, though these will be very different from the unjust hierarchies that have governed us in the past. A vigorous, systematic defense of hierarchy in the modern world, *Just Hierarchy* examines how hierarchical social relations can have a useful purpose, not only in personal domains but also in larger political realms.

“A story of surviving and thriving with passion, compassion, wit, and style.”—Maya Angelou “In America, we have a tradition of black writers whose autobiographies and memoirs come to define an era. . . . Buck may be this generation’s story.”—NPR A coming-of-age story about navigating the wilds of urban America and the shrapnel of a self-destructing family, Buck shares the story of a generation through one original and riveting voice. MK Asante was born in Zimbabwe to American parents: his mother a dancer, his father a revered professor. But as a teenager, MK was alone on the streets of North Philadelphia, swept up in a world of drugs, sex, and violence. MK’s memoir is an unforgettable tale of how one precocious, confused kid educated himself through gangs, rap, mystic cults, ghetto philosophy, and, eventually, books. It is an inspiring tribute to the power of literature to heal and redeem us.

The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, *Appeal to Reason*, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.
