Coquito is an educational and scientific instructional book through which more than 38 million Spanish-speaking children have learned to read, write and think. Coquito is conceived and structured in 54 sequential lessons, with which the child is able to start reading and writing, opening a future of intellectual and emotional potential that raises their awareness and self-esteem. This provides great satisfaction to teachers and parents because the students' reading comprehension is high. The "Reading by Words Method", created with the book Coquito Clásico, is built on the children's vocabulary and on the unique feature of the Spanish language that is read as it is written and written as it is spoken, unlike other languages, whose phonetic complexity is remarkable. It is therefore not advisable to teach how to read in Spanish using methods from other languages such as English and French because it will extend the learning process up to fifteen months for what can be accomplished in three months using our method. The constant interest of the author and his team of specialists is to restructure and update the book according to the improvements and suggestions from teachers who use Coquito with remarkable success, exceeding expectations in most Spanish-speaking countries. Coquito Clásico brings graphic colored themes, illustrated with captivating visuals that engage and develop the child's imagination. This initiates the process of oral expression and reading as well as writing and mathematics. We thank the teachers and parents for using our materials, and we guarantee that they have chosen a method of proven quality and excellence that develops mental processes, taking into account the linguistic features of the Spanish language.

A paranormal rollercoaster ride with goosebumps at every turn--now a motion picture starring Uma Thurman and Anna Sophia Robb! Kit Gordy sees Blackwood Hall towering over black iron gates, and she can't help thinking, This place is evil. The imposing mansion sends a shiver of fear through her. But Kit settles into a routine, trying to ignore the rumors that the highly exclusive boarding school is haunted. Then her classmates begin to show extraordinary and unknown talents. The strange dreams, the voices, the lost letters to family and friends, all become overshadowed by the magic around them. When Kit and her friends realize that Blackwood isn't what it claims to be, it might be too late.

Smuggling has been a way of life in Galicia for millennia. The Romans considered its windswept coast the edge of the world. To the Greeks it was from where Charon ferried souls to the Underworld. Since the Middle Ages, its shoreline has scuppered thousands of pirate ships. But the history of Cape Finisterre is no fiction and by the late twentieth century a new and exotic cargo flooded the cape's ports and fishing villages. In Snow on the Atlantic, the book the Spanish national court tried to ban, intrepid investigative journalist Nacho Carretero tells the incredible story of how a sleepy, unassuming corner of Spain became the cocaine gateway into Europe, exposing a new generation of criminals, cartels and corrupt officials, more efficient and ruthless than any who came before.

The paparazzi are in a frenzy, mothers are locking up their daughters—Nacho Acosta is back in town! The wild, unpredictable polo champion is restoring his sprawling Argentinian vineyard and he needs a sommelier who can match his exacting tastes.... Without her sight, Grace's other senses have been heightened. In spite of her inexperience, it's made her perfect for the job, and it's not just the wine that has her mouth watering! Nacho is expecting meek and vulnerable, but what he gets is fiery independence, and a sensuality that excites his jaded palate!

Are you looking for a fun workbook to expand your kids' knowledge in numbers? Then you are in the right place! Take your child on an exciting journey through all the numbers from 0 to 100 with: Tracing Numbers 1-100 For Kindergarten: Number Practice Workbook To Learn The Numbers From 0 To 100 For Preschoolers & Kindergarten Kids Ages 3-5! By now, your kids might already know how to count to 20 or at least up to 10, and some might be able to write those numbers on their own. But no matter what stage they are, this book will help them further their knowledge, plus we'll take it a step further and learn more numbers up to 100! The book contains over 50+ pages of tracing activities to help your kids master number writing and fully comprehend the sequence of numbers. With the book's structured exercises, your kids will be familiarized with the respective pencil guidance by copying the number, then eventually freely write the numbers without pre-drawn lines. Of course, auxiliary lines are provided to help correctly position the numbers. The learning process is lined with as many successes as possible to boost your child's motivation to learn. With each set, your child is confronted with a solid, reliable structure that they can follow at their own pace. A quick look at the most important facts of the book: Suitable for children from ages 3 to 5 Sensible structure that optimally accompanies the learning process Great preparation for pre-school and kindergarten A fun way to learn the numbers from 0 to 100 Designed and sensibly structured to suit children Promotes correct pen management and concentration Combine play with learning. Benefit from "Tracing Numbers 1-100 For Kindergarten" and accompany your child within a meaningful structure on the way to writing numbers! Get this book NOW!

After tripping over a rock while running, Kevin is rushed to the hospital and feels nervous about the experience.

On a summer day at the arcade, timid sixteen-year-old Ignacio Cañas encounters two charismatic rebels: El Zarco (" Blue Eyes ") and his gorgeous girl, Tere. Entranced, he crosses the border into their dangerous world, becoming their partner in crimes that quickly escalate. Twenty-five years later, Tere materializes in Cañas's office, needing help. Cañas has settled back into middle-class life, becoming a successful defense lawyer. Zarco has matured into a convict of some infamy. Yet somehow, with new stakes, this three-way affair will begin again. With his usual brio, Javier Cercas surveys the borders between right and wrong, respectability and criminality, and to what extent we can pass between them-or determine on which side we ultimately fall. This brilliantly plotted tale firmly establishes him as one of the most rewarding novelists writing today.

Learning to destroy demons won ' t be easy, and Tanjiro barely knows where to start. The surprise appearance of another boy named Giyu, who seems to know what ' s going on, might provide some answers—but only if Tanjiro can stop Giyu from killing his sister first! -- VIZ Media
