Life insurance investment: These are effectively investments operated through life insurers. While there is a life insurance element they're often things like endowments or with-profits policies and are used far more often in the 'investment' zone rather than for protection if someone dies.

### ~~Cheap life insurance: family protection & security — MSE~~

Life insurance covers you for a set period of time whereas life assurance, also often known as a whole of life policy, will usually cover you for your whole life. As life assurance provides cover for a longer period, and the provider expects to have to pay out at some point, policies are usually more expensive.

A life insurance policy can provide financial support for your loved ones if you or another joint policy holder passes away, helping to pay off debts like a mortgage and provide a means of living for your family. It usually comes in the form of a lump sum payment, but can also offer a substitute for a regular income.
