Patton, Michael | SAGE Publications Inc

Varying philosophical and theoretical orientations to qualitative inquiry remind us that issues of quality and credibility intersect with audience and intended research purposes. This overview examines ways of enhancing the quality and credibility of qualitative analysis by dealing with three distinct ...

Enhancing the quality and credibility of qualitative analysis

The focus of this article is on multi-organizational cross-sector social partnerships (CSSP), an increasingly common means of addressing complex social and ecological problems that are too extensive to be solved by any one organization. While there is a growing body of literature on CSSP, there is little focus on collaborative strategic management, especially where implementation and outcomes ...

Collaborative Strategic Management: Strategy Formulation ...

Qualitative Research: Defined Qualitative findings [research] grow out of three kinds of data collection: (1) in-depth, open-ended interviews; (2) direct observation; and (3) written documents (Patton, 2002, p. 4). Qualitative research employs data which is expressed through (1) interviews; (2) observation; (3) documents and (4)

Qualitative Research: An Overview

Case study research requires researchers to purposefully select information-rich cases, as they will allow researchers an in-depth understanding of relevant and critical issues under investigation (Patton in *Qualitative evaluation and research methods*. Sage, Newbury Park, 1990, *Qual Soc Work* 1(3):261–283, 2002).
