describe them - must express the concrete historical and geographical details of everyday lives. A vital sociology from the standpoint of women, the volume is applicable to a variety of subjects, and will be especially useful in courses in sociological theory and methods.

From Beyoncé's *Lemonade* to *The Force Awakens* to the 2016 *Ghostbusters* reboot, the entertainment industry seems to be embracing the power of women like never before. But with more feminist content comes more feminist criticism—and it feels as if there's always something to complain about. Dianna E. Anderson's incisive *Problematic* takes on the stereotype of the perpetually dissatisfied feminist. Too often feminist criticism has come to mean seeing only the bad elements of women-centric pop culture and never the good. Anderson

## Where To Download Problematic

suggests that our insistence on feminist ideological purity leads to shallow criticism and ultimately hurts the movement.

Instead, she proposes new, more nuanced forms of feminist thought for today ' s culture, illustrated by examples from across the spectrum of popular music, movies, and TV, including Lena Dunham, Nicki Minaj, and even One Direction.

While grounding her inquiry in pop culture media and topics, Anderson draws on concepts of feminist theory to show how we can push for continued cultural change while still acknowledging the important feminist work being done in the pop culture sphere today.

Frustrated by ongoing difficult student behavior? You're not alone: classroom management issues are a leading cause of teacher burnout. But there is a solution. No More Taking Away Recess and Other

# Where To Download Problematic

Problematic Discipline Practices shows how to promote good behavior, address interruptions, and keep everyone moving forward. "Management and control are not the same," write teacher and school leader Gianna Cassetta and noted researcher Brook Sawyer. If trying harder to exert control is sapping your energy, watch as they show how to transition away from the roles of disciplinarian or goody dispenser and toward an integrated, professionally satisfying model for classroom management. You'll find everything you need to get going, including: the rationale for abandoning rewards and consequence tactics research on more developmentally appropriate-and efficient-management a plan that integrates instruction and management to decrease interruptions specific strategies for addressing misbehavior and refocusing on learning goals ways to analyze

suggests about why; and detail research-based, proven practices to replace it and improve student learning. Read a sample chapter from *No More Taking Away Recess and Other Problematic Discipline Practices*.

Methods of analysing problem situations have shifted from the highly mathematical to a range of formal methodologies that facilitate an enriched decision-making process. This text covers these low-tech, transparent and participatory techniques.

Unlike most girls who are strong, smart and social, she is super strong, extra-smart and rarely normal. There isn't anything that she can't solve or can't understand or can't get through. But, this remarkable capability of hers, doesn't work for two people. To put it in her style: First, the one whom she can never help –

## Where To Download Problematic

Herself! And two, the other whom she will never help – Me! And the reason is that I love her but she loves him. But still, ours is an unusual tale of love because there is a difference! If my love is unconditional, hers is obsessive. If mine is pure, hers is truthful. If mine is for happiness, hers is for selflessness. If mine is love, hers is respect. Not knowing what to do, one day I asked her, “ Everyone has a dad; what ’ s so special about yours? ” She retorted, “ Everyone has a boyfriend; what ’ s so special about you? ” I ’ m still thinking about that! Can you help me with this girl, she ’ s – Pretty, Pragmatic but Problematic!

Problematic soils brings together in one volume a collection of papers presented at the Problematic Soils symposium, organised by East Midlands Geotechnical Group of the Institution of Civil

Engineers. The papers discuss the behaviour and characteristics of problematic soils (particularly those found in the UK), and they also offer guidance on possible treatment techniques that could be applied for their successful engineering. The proceedings of this symposium are split into three sections.

Understanding and minimizing problematic relationships in the workplace are goals shared by those who work in and lead organizations as well as those who study organizations. This volume explores troublesome behaviors and patterns that shape relationships (e.g., hostility, bullying, incivility, and ostracism), presents insights gained from in-depth work on contexts and frameworks, and addresses the potential to restore these relationships to greater wellbeing. Written by leading experts on problematic relationships in the

## Where To Download Problematic

workplace, this volume combines scholarship with applications that will be valuable in any organization. The new contributions in this second volume of this title extend the first volume's work by exploring cutting-edge and emerging issues in the field.

Some of the most pressing issues in the contemporary international order revolve around a frequently invoked but highly contested concept: sovereignty. To what extent does the concept of sovereignty -- as it plays out in institutional arrangements, rules, and principles -- inhibit the solution of these issues? Can the rules of sovereignty be bent? Can they be ignored? Do they represent an insurmountable barrier to stable solutions or can alternative arrangements be created? *Problematic Sovereignty* attempts to answer these and other fundamental

# Where To Download Problematic

questions by taking account of the multiple, sometimes contradictory, components of the concept of sovereignty in cases ranging from the struggle for sovereignty between China and Taiwan to the compromised sovereignty of Bosnia under the Dayton Accord. Countering the common view of sovereignty that treats it as one coherent set of principles, the chapters of Problematic Sovereignty illustrate cases where the disaggregation of sovereignty has enabled political actors to create entities that are semiautonomous, semi-independent, and/or semilegal in order to solve specific problems stemming from competing claims to authority.
