Radio Free Dixie Summary and Analysis (like SparkNotes ...
Monday, February 25, 2008. #5...Radio Free Dixie (Intro, Chapters 1, 2, 3) This book of the biography of Robert Williams starts right out with what was going on at the time when he was a child. The unfairness that the Black community dealt with at the time. The view that Williams had in his head as he was growing up was shown right in the intro and kind of outlines the purpose and mood of the book for me.

My Take on the Topics: #5...Radio Free Dixie (Intro ...
Radio Free Dixie was a radio program started by American Civil Rights Leader Robert F. Williams in the early 1960s that preached and advocated for racial equality and for black Americans to rise up against an inherently racist system. The radio program was a cultural inspiration to the black community, and the only of its kind. The broadcast featured music, political conversation, and storytelling.

Radio Free Dixie Chapter Summaries
Radio Free Dixie is one of those rare books that makes you rethink everything you thought you knew about a place and time, and makes you see history in a completely new light. I've seen this book referenced in tons of other books about black power in America, and for good reason, as it lays the foundation of many of the struggles blacks would face throughout the 50s and 60s.

Radio Free Dixie: Robert F. Williams and the Roots of ...
tant role in black liberation struggles. Radio Free Dixie is a well-researched case study and political biography that documents Williams' enduring impact on both domestic and international struggles for black liberation in the age of civil rights. Contrasting the notion that blacks remained relatively quiescent THE BLACK SCHOLAR VOLUME 31, NO. 1

Beyond the Color Curtain: A Review of Radio Free Dixie ...
William's view, which he eventually broadcast on Radio Free Dixie in English from Cuba, was not new, but has gone relatively unchronicled. Tyson's narrative portrays the contrapuntal perspective to the adoption of the nonviolent struggle, the boundaries of which famed a decade of effective unarmed resistance.

This book tells the remarkable story of Robert F. Williams—one of the most influential black activists of the generation that toppled Jim Crow and forever altered the arc of American history. In the late 1950s, as president of the Monroe, North Carolina, branch of the NAACP, Williams and his followers used machine guns, dynamite, and Molotov cocktails to confront Klan terrorists. Advocating “armed self-reliance” by blacks, Williams challenged not only white supremacists but also Martin Luther King Jr. and the civil rights establishment. Forced to flee during the 1960s to Cuba—where he broadcast “Radio Free Dixie,” a program of black politics and music that could be heard as far away as Los Angeles and New York City—and then China, Williams remained a controversial figure for the rest of his life. Historians have customarily portrayed the civil rights movement as a nonviolent call on America’s conscience—and the subsequent rise of Black Power as a violent repudiation of the civil rights dream. But Radio Free Dixie reveals that both movements grew out of the same soil, confronted the same predicaments, and reflected the same quest for African American freedom. As Robert Williams’s story demonstrates, independent black political action, black cultural pride, and armed self-reliance operated in the South in tension and in tandem with legal efforts and nonviolent protest.

The “riveting!” true story of the fiery summer of 1970, which would forever transform the town of Oxford, North Carolina—a classic portrait of the fight for civil rights in the tradition of To Kill a Mockingbird “Chicago Tribune On May 11, 1970, Henry Marrow, a twenty-three-year-old black veteran, walked into a crossroads store owned by Robert Teel and came out running. Teel and two of his sons chased and beat Marrow, then killed him in public as he pleaded for his life. Like many small Southern towns, Oxford had barely been touched by the civil rights movement. But in the wake of the killing, young African Americans took to the streets. While lawyers battled in the courthouse, the Klan raged in the shadows and black Vietnam veterans torched the town’s tobacco warehouses. Tyson’s father, the pastor of Oxford’s all-white Methodist church, urged the town to come to terms with its bloody racial history. In the end, however, the Tyson family was forced to move away. Tim Tyson’s gripping narrative brings gritty blues truth and soaring gospel vision to a shocking episode of our history. FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD If you want to read only one book to understand the uniquely American struggle for racial equality and the swirls of emotion around it, this is it.!!Miwaukee Journal Sentinel !!Blood Done Sign My Name is a most important book and one of the most powerful meditations on race in America that I have ever read.!!Cleveland Plain Dealer !!Pulses with vital paradox . . . It’s a detached dissertation, a damning dark-night-of-the-white-soul, and a ripping yarn, all united by Tyson’s powerful voice, a brainy, booming Bubba profundo.!!Entertainment Weekly !!Engaging and frequently stunning.!!San Diego Union-Tribune

A southern black community’s struggle to defend itself against racist groups.

Against the backdrop of America’s escalating urban rebellions in the 1960s, an unexpected cohort of New York radicals unleashed a series of urban guerrilla actions against the city’s racist policies and contempt for the poor. Their dramatic flair, uncompromising vision, and skillful ability to link local problems to international crises riveted the media, alarmed New York’s political class, and challenged nationwide perceptions of civil rights and black power protest. The group called itself the Young Lords. Utilizing oral histories, archival records, and an enormous cache of police records released only after a decade-long Freedom of Information Law request and subsequent court battle, Johanna Fernandez has written the definitive account of the Young Lords, from their roots as a street gang to their rise and fall as a political organization. Led predominantly by poor and working-class Puerto Rican youth, and consciously fashioned after the Black Panther Party, the Young Lords confronted race and class inequality and questioned American foreign policy. Their imaginative, irreverent protests and media conscious tactics won significant reforms and exposed U.S. mainland audiences to the country’s quiet imperial project in Puerto Rico. In riveting style, Fernandez demonstrates how the Young Lords redefined the character of protest, the color of politics, and the cadence of popular urban culture in the age of great dreams.

Details the Black struggle for civil rights in Mississippi

Draws on firsthand testimonies and recovered court transcripts to present a scholarly account of the 1955 lynching of Emmett Till and its role in launching the civil rights movement.

The civil rights movement was first and foremost a struggle for racial equality, but questions of gender lay deeply embedded within this struggle. Steve Estes explores key groups, leaders, and events in the movement to understand how activists used race and manhood to articulate their visions of what American society should be. Estes demonstrates that, at crucial turning points in the movement, both segregationists and civil rights activists harnessed masculinist rhetoric, tapping into implicit assumptions about race, gender, and sexuality. Estes begins with an analysis of the role of black men in World War II and then examines the segregationists, who demonized black male sexuality and galvanized white men behind the ideal of southern honor. He then explores the militant new models of manhood espoused by civil rights activists such as Malcolm X and Martin Luther King Jr., and groups such as the Nation of Islam, the Student Nonviolent Coordinating Committee, and the Black Panther Party. Reliance on masculinist organizing strategies had both positive and negative consequences, Estes concludes. Tracing these strategies from the integration of the U.S. military in the 1940s through the Million Man March in the 1990s, he shows that masculinism rallied men to action but left unchallenged many of the patriarchal assumptions that underlay American society.

In Out of Oakland, Sean L. Malloy explores the evolving internationalism of the Black Panther Party (BPP); the continuing exile of former members, including Assata Shakur, in Cuba is testament to the lasting nature of the international bonds that were forged during the party’s heyday. Founded in Oakland, California, in October 1966 by Huey P. Newton and Bobby Seale, the BPP began with no more than a dozen members. Focused on local issues, most notably police brutality, the Panthers patrolled their West Oakland neighborhood armed with shotguns and law books. Within a few years, the BPP had expanded its operations into a global confrontation with what Minister of Information Eldridge Cleaver dubbed “the international pig power structure.” Malloy traces the shifting intersections between the black freedom struggle in the United States, Third World anticolonialism, and the Cold War. By the early 1970s, the Panthers had chapters across the United States as well as an international section headquartered in Algeria and support groups and emulators as far afield as England, India, New Zealand, Israel, and Sweden. The international section served as an official embassy for the BPP and a beacon for American revolutionaries abroad, attracting figures ranging from Black Power skyjacker to fugitive LSD guru Timothy Leary. Engaging directly with the expanding Cold War, BPP representatives cultivated alliances with the governments of Cuba, North Korea, China, North Vietnam, and the People’s Republic of the Congo as well as European and Japanese militant groups and the Palestinian Liberation Organization. In an epilogue, Malloy directly links the legacy of the BPP to contemporary questions raised by the Black Lives Matter movement.

A classic tale by Newbery Medalist Kate DiCamillo, America’s beloved storyteller. One summer’s day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries and comes home with a dog. But Winn-Dixie is no ordinary dog. It’s because of Winn-Dixie that Opal begins to make friends. And it’s because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo’s newest novel, Raymie Nightingale.

At the close of the nineteenth century, the Democratic Party in North Carolina engineered a white supremacy revolution. Frustrated by decades of African American self-assertion and threatened by an interracial coalition advocating democratic reforms, white conservatives used violence, demagoguery, and fraud to seize political power and disenfranchise black citizens. The most notorious episode of the campaign was the Wilmington “race riot” of 1898, which claimed the lives of many black residents and rolled back decades of progress for African Americans in the state. Published on the centennial of the Wilmington race riot, Democracy Betrayed draws together the best new scholarship on the events of 1898 and their aftermath. Contributors to this important book hope to draw public attention to the tragedy, to honor its victims, and to bring a clear and timely historical voice to the debate over its legacy. The contributors are David S. Cecelski, William H. Chafe, Laura F. Edwards, Raymond Gavins, Glenda E. Gilmore, John Haley, Michael Honey, Stephen Kantrowitz, H. Leon Prather Sr., Timothy B. Tyson, LeeAnn Whites, and Richard Yarbrough.
