Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien

Slaughterhouse Five A

abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming “unstuck in time.” An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut’s writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O’Brien,

Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with

compassion and, behind everything, the cataract of a thundering moral statement.”—The Boston Globe

Billy Pilgrim returns home from the Second World War only to be kidnapped by aliens from the planet Tralfamadore, who teach him that time is an eternal present

Seminar paper from the year 2002 in the subject American Studies - Literature, grade: A (deutsch:1), International University in Germany Bruchsal (Department of Sciences and Liberal Arts), 9 entries in the bibliography, language: English, abstract: Introduction Kurt Vonnegut,

Download Ebook Slaughterhouse Five A

Jr. is considered one of the greatest American authors ever. He wrote about 30 novels, an uncounted number of short-stories and a few essays and plays. His most successful novel, Slaughterhouse-Five or The Childrens? Crusade, a Duty Dance with Death, was his sixth book and published in 1969. This research paper will focus on the connection between Billy Pilgrim, the main character of Slaughterhouse-Five, and the life of Kurt Vonnegut. Furthermore, it will make use of this connection in order to suggest why Kurt Vonnegut wrote this book. Pilgrim, who is an American World War II veteran and survived the allied air raid on Dresden in early 1945, strikes the reader as a very eccentric person. He believes that he "has come unstuck in time" (Vonnegut, 1991, p.23) and time

Download Ebook Slaughterhouse Five A

travels to his childhood, to his wedding, to the Battle of the Bulge and to the air raid. But not only that he has lost control over the temporal aspects of his life, he furthermore believes that he has been kidnapped by aliens from the planet Tralfamadore and taken to their world as an exhibit in a terrarium. In order to point out the close relationship between the author and the main character I will subdivide this paper into several sections, shortly giving information about the author's biography and providing a quick summary of Slaughterhouse-Five. This information has to be considered and related in order to understand Vonnegut's motivation for writing this novel. It is vital to realize that Pilgrim is Vonnegut and that whatever Pilgrim feels is what Vonnegut experienced in his life.

Slaughterhouse Five A Duty Dance With Death

Billy Pilgrim serves as a chaplain's assistant in the Second World War, is captured by the Germans, and survives the fire bombing of Dresden to contemplate the human condition.

Finalist for the National Book Award, *The Yellow Birds* is the harrowing story of two young soldiers trying to stay alive in Iraq "The war tried to kill us in the spring." So begins this powerful account of friendship and loss. In Al Tifar, Iraq, twenty-one-year-old Private Bartle and eighteen-year-old Private Murphy cling to life as their platoon launches a bloody battle for the city. Bound together since basic training when Bartle makes a promise to bring Murphy safely home, the two

Download Ebook Slaughterhouse Five A

have been dropped into a war neither is prepared for. In the endless days that follow, the two young soldiers do everything to protect each other from the forces that press in on every side: the insurgents, physical fatigue, and the mental stress that comes from constant danger. As reality begins to blur into a hazy nightmare, Murphy becomes increasingly unmoored from the world around him and Bartle takes actions he could never have imagined. With profound emotional insight, especially into the effects of a hidden war on mothers and families at home, *The Yellow Birds* is a groundbreaking novel that is destined to become a classic.
