The Prehistoric Archaeology of Ireland: Amazon.co.uk: John ...

The prehistory of Ireland, pieced together from archaeological evidence, begins with the first evidence of humans in Ireland around 10,500 BC, and finishes with the start of the historical record around 400 AD. Both of these dates are later than for much of Europe and all of the Near East. The prehistoric period covers the Palaeolithic, Mesolithic, Neolithic, Bronze Age and Iron Age societies of Ireland. For much of Europe, the historical record begins when the Romans invaded; as Ireland was not

Prehistoric Ireland - Wikipedia

Abstract. The first edition of The Prehistoric Archaeology of Ireland was published by Galway University Press (now no more) in 1998. This comprehensive survey of Irish prehistory is still a useful work of reference. This is a proof copy of that edition containing some minor typographical errors and misalignment of endnotes.

The Archaeology of Caves in Ireland is a ground-breaking and unique study of the enigmatic, unseen and dark silent world of caves. People have engaged with caves for the duration of human occupation of the island, spanning 10,000 years. In prehistory, subterranean landscapes were associated with the dead and the spirit world, with evidence for burials, funerary rituals and votive deposition.

The Archaeology of Caves in Ireland - Oxbow Books

Ireland's early history is dominated by the end of the last Ice Age. It has been mooted that perhaps in South West Ireland some hunter-gatherers remained in occupation during the Ice Age. However apart from that the first evidence we see for occupation appears in the River Bann area in North Ulster (Mountsandel - Toomebridge - Ballymoney).
