Business Access Point with Mesh Technology. VigorAP 903 is 11ac Wave 2 dual-band wireless mesh access point with a 5-port LAN switch, which port A1 supports 802.3at PoE-In. VigorAP 903 provides the flexibility and advanced features for professional users to take full management of the wireless network, including the mesh technology, which aims for providing an easy way to expand the wireless network in minutes.

VigorAP 903 | DrayTek

The old SDK featured drawing with the pointer in notes, but the 903 does not. The scribble program is entirely unorganized. Bookmarks can ' t be named. About the only thing the pocketbook has going for it here is use of well known formats (html and bmp). review has written an addon to link screenshots and scribble together. Fixed in 2.0.5. The SDK options to edit text and graphics for notes are now present, although the eink optimizations making Scribble responsive are not present.
