The Weaponization of Trade: The Great Unbalancing of ...

Trade is being weaponized – and this isn't good. As politicians on both sides of the Atlantic raise the stakes, trade is increasingly a tool of coercion to achieve strategic influence. This book looks at the risks for us all as trade becomes an instrument of foreign policy, and shows how politicians could turn things around.

The Weaponization of Trade: The Great Unbalancing of ...

Trade is being weaponized - and this isn't good. As politicians on both sides of the Atlantic raise the stakes, trade is increasingly a tool of coercion to achieve strategic influence. Although trade, wars and foreign policy have been interwoven throughout history, the belligerence of the language today means trade is becoming predominantly political and strategic, rather than economic.

---

The Weaponization of Trade: The Great Unbalancing of ...

" International trade is about more than just economics, and not only for the US administration. Trade is about coercion and strategic influence. " So begins the short, thoughtful and timely book " The Weaponization of Trade. " Few can have missed the change over the past two or so years in the language used to describe international trade.

Full E-book The Weaponization of Trade: The Great ...

Weaponization is the transformation of a benign instrument into a means of aggression and, increasingly, we have observed states wielding trade coercively. In short, through language, the character of trade has changed from an implicit tool of coercion to the explicit means through which foreign policy objectives are achieved.
